Capstone Projects

Capstone 2027

Term 7 (September 2027 – December 2027)

Term 8 (January 2028- April 2028)

Student-Initiated Industry Projects

- Students to form a project team of and source for an industry project
- Connect with Company rep with Capstone Office as soon as possible (*does not matter if the collaboration does not go through due to company's policy as reviewing the terms and conditions in agreement will take time for the company*)

Industry Projects

Required by the Company

- Participation fee - \$6,000
- University will provide up to \$4000 for the project allowable resources.
- Arrange site visits for team to conduct interviews with employees if project requires
- Commercial licenses for software and specialized tools from Company
- IP and all generated materials belong to the partner organization

To Note

- Contact Capstone Office and link Company for admin detail discussion as early as possible. As the company needs time to review the contract and teams should provide the company at least **1 month before 28 Feb 2027** to review the contract. The company needs to be aligned on the terms and conditions of the collaboration.
- Project proposals evaluated by the Capstone Committee once the admin details are cleared by the Company.
