

LIM RYAN RYUTARO

M: 88120477 | E: limryanryutaro@gmail.com | LI: <https://www.linkedin.com/in/lim-ryan-ryutaro/>

EDUCATION

Singapore University of Technology and Design (SUTD)

Bachelor of Engineering (EPD)

Sep 24 - May 28

- CGPA: 4.44 out of 5.00

Temasek Polytechnic

Diploma in Electronics

Apr 19 - May 22

- CGPA: 4.0 out of 4.0
- Course Gold Medalist and Valedictorian, Class of 2022

WORK EXPERIENCE

Ryudben Sports

Sep 24 - Present

Sports store, Sales and Marketing Staff

- Developed and managed online store and website using wordpress, maintaining product listings and responding to customer inquiries to boost sales
- Advised customers on product selection based on needs, improving satisfaction and repeat customer rates to 70%

Republic of Singapore Air Force (RSAF)

Apr 23 - Sep 24

Aircraft Operational Maintenance Squadron, Dedicated Crew Chief (National Service)

- Conducted daily preflight, postflight and scheduled maintenance to ensure airworthiness of aircraft
- Led ground crew operations for safe launch and recovery of ~1,000 aircraft missions, ensuring safety and operational readiness
- Trained and mentored 10+ junior ground crew in aircraft maintenance, on-the-job training and safety protocols

Temasek Polytechnic

May 22 - Aug 22

Electronics Department, WorldSkills Singapore Assistant Coach

- Created structured lecture and lab materials to support effective delivery of both conceptual and hands-on learning of electronics design principles and Arduino and STM32L053R8 microcontroller programming
- Designed 10+ PCB fault-injection exercises and trained students in troubleshooting and fault rectification using standard laboratory equipment such as oscilloscopes and multimeters
- Operated LPKF milling machines to fabricate 100+ PCBS for students to test and practice PCB assembly

Home Team Science and Technology Agency (HTX)

Oct 21 - Mar 22

Robotics and Autonomous Unmanned Systems (RAUS), Engineering Intern

- Implemented haptic feedback system for remotely controlled soft robotics system to improve human connection during Covid-19
- Designed, assembled and tested PCBs for various autonomous drones in house, reducing production costs by up to 50%

TECHNICAL SKILLS

- Programming Languages: Python | C | C++
- Competent in Microsoft Office suite i.e. Excel, Powerpoint, Word, etc
- Adept in vector design and CAD software, i.e. CorelDraw, Adobe Illustrator, Fusion
- Proficient in microcontroller programming, i.e. STM32L053R8, PIC18F4520, Arduino, Raspberry Pi, ESP32
- Skilled in electronic circuit design and PCB design, i.e. EAGLE, KiCAD
- Experienced in software-hardware integration

CO-CURRICULAR ACTIVITIES

- Served as Treasurer of SUTD's chess club to budget and track club spending, as well as support other club activities
- Member of SUTD's University Ambassadors to run engagement sessions with potential students and various stakeholders
- Served as President of TP's Engineering Makers' Club to raise interest and develop DIY culture among youths

HONORS & AWARDS

- The Lee Kuan Yew Award
- IES Gold Medal Award
- WorldSkills Singapore 2021, Electronics Silver Medal
- TP-ONEBERRY Skills Mastery Award
- Course Awards: IEEE Singapore IA/PEL Joint Chapter Prize, Infineon Technologies Asia Pacific Prize, Microchip Technology Singapore Prize
