Yeo Owen

CAREER EXPERIENCE

Griffin labs Pte Ltd | AI Engineer Intern — Sep 2025 to Dec 2025

- Designed and tested evaluation workflows for Vision-Language-Action (VLA) models to standardize performance metrics and streamline testing.
- Supported training and evaluation pipelines by curating datasets and assisting with iteration testing to improve model quality.
- Built Python scripts for trajectory analysis, error measurement, and visualisation to support debugging and performance review.
- Developed dataset tools for synchronization and automated filtering, reducing manual preprocessing effort.

Xilinx Asia Pacific Pte Ltd | Product Engineering Intern — Mar 2021 to Aug 2021

- Supported substrate and wafer testing operations by maintaining production test documentation and automating data analysis to identify redundant testcases.
- Performed substrate testing and inspection within a cleanroom environment.
- Maintained and updated substrate and wafer testing requirements in internal databases.
- Built basic Excel and VBA automation tools to streamline wafer test analysis and reduce manual processing.
- Gained exposure to semiconductor process control, data handling, and quality testing operations.

EDUCATION

Singapore University of Technology and Design — Aug 2024 to Present

Computer Science and Design (CSD) | Current GPA: 4.78

Ngee Ann Polytechnic — Apr 2019 to Apr 2022

Diploma in Electronics and Computer Engineering

- Specialisation in Computer and Mobile Technology | Director's List *(Oct 2021)*
- Diploma Plus: Advanced Engineering Mathematics

TECHNICAL SKILLS

- **Programming:** Python, Java; prior experience with C#, VBA - built to working knowledge through coursework and self-learning
- **Software & Tools:** Git, Hugging Face Hub, Excel (Automation & Data Analysis), Android Studio

LEADERSHIP AND ACTIVITIES

Softball Club

- **Captain, Ngee Ann Polytechnic** — Dec 2021 to Dec 2022
  - Led team training and coordinated preparation for competitions.
  - Planned club activities and supported team organisation across the academic year.
- **Logistics Head, Ngee Ann Polytechnic** — Dec 2020 to Dec 2021
  - Managed stores and digitised equipment list

Hackathon Volunteering

- **Logistics Volunteer, What the Hack?** (SUTD) — Dec 2024
  - Assisted event logistics setup and on-site coordination.
